

WILD TIGER RUM

Wild Tiger Special Reserve Rum is produced in the Indian state of Kerala. This rum is a blend of both distillates from sugar cane: molasses and cane juice. Aged in American-oak bourbon casks, it's an aromatic rum with notes of toffee, vanilla, almond and honey. Packaged in a tiger-skin-style cover and sporting a tiger's 'tooth' on the neck; 10% of the company's profits are donated to the Wild Tiger Foundation which aims to protect Tigers.
