

KOZAK

KOZAK – export product of TM Kozatska Rada (Ukraine), made exclusively for overseas markets.

KOZAK is the nobility of the Cossacks' spirit itself. It is a heroic message from the glorious past to lion-hearted, determined, steadfast descendants – real Cossacks.

It is for those, who are able to stand up for their own dignity. And they are Cossacks who have a flair for hosting really friendly banquettes for undoubtedly tough men, where the brand KOZAK will be the main drink on the table.
